

About School

Specialized School №37 is one of the oldest public and prestigious schools in Samarkand city and has a strong curriculum specialized in the English language. Our school was built in 1936 and is located in Makhmud Koshgari 61, Samarkand city, 140100, Uzbekistan. The primary languages of instruction in our school are Uzbek and Russian. Currently, there are 1514 students (714 female and 800 male students), including primary, middle, and secondary school students. The total number of teachers is 86. The total number of graduates from 2021-2022 was 46, who were accepted to competitive universities in the USA, UK, Korea, and Uzbekistan.

School Mission

We foster our students' love for learning, encourage them to try new and exciting things, and give them a solid foundation to build on. Our vision is to develop well-rounded, confident, and responsible individuals who aspire to achieve their full potential. We will do this by providing a welcoming, happy, safe, and supportive learning environment in which everyone is equal and all achievements are celebrated. We believe that a happy child is a successful one. We are committed to providing a positive, safe and stimulating environment for children to learn, where all are valued. We intend that all children should enjoy their learning, achieve their potential and become independent lifelong learners.

Curriculum / Program

1. Basic provisions

1. Since 2017, the education system in Uzbekistan has an 11-year program. Eleven years of primary and secondary education are obligatory, starting at age seven. The rate of attendance in those grades is high. Based on the Concept of the development of Public Education of the Republic of Uzbekistan until 2030, the basic curriculum for the 2023-2024 academic year is focused on the following provisions:

- Preparation for participation in the international student assessment program PISA (Program for International Student Assessment)
- Introduction of "STEAM Education" (Science, Technology, Engineering, Art, Mathematics) – Biology, Chemistry, Physics, Computer science, Mathematics, fine arts, music.

2. When organizing the educational process, the following terms are applied:

- the duration of the school year is 34 weeks (for the 1st grade - 33 weeks);
- the duration of the school week in grades 1-4 is 5 days, in grades 5-11 - 6 days;
- the duration of the training session is 45 minutes; the change between classes is 5-10 minutes, in the middle of the school day the duration of the change is 15-30 minutes.

3. Duration of holidays during the academic year: autumn – 6 calendar days from November 4; winter – 14 calendar days from December 28; spring – 7 calendar days from March 21;

- summer – from the last day of the stage control tests (for classes where tests are not conducted – from the next day after the end of the school year) until September 1.
- If the last day of the holidays coincides with a holiday or non-working day, training sessions begin on the next working day. For 1st grade students, an additional 1 week of vacation is allocated during February.

4. Lessons and classes based on this curriculum in State educational institutions are funded entirely from the State budget.

Activities

There is a comprehensive co-curricular activities program that includes music training, art, chess club, dancing, and sports such as basketball, soccer, volleyball, and badminton.
